Summary

Detail-oriented and self-motivated Web Developer with hands-on experience in building modern, responsive web applications. Skilled in React, Next.js, Tailwind CSS, JavaScript, and full-stack development using Firebase and Node.js. Experienced in developing e-commerce platforms, admin dashboards, and scalable web solutions with a strong focus on performance, usability, and clean architecture. Demonstrates end-to-end ownership of projects with a problem-solving mindset, eager to contribute technical expertise to impactful and innovative digital products.

Work Experience

Web Developer & Designer

May 2024 - May 2025

Agricart Farmers Producer Company Limited

- Developed a responsive home landing page and e-commerce website using Next.js, Tailwind CSS, and Firebase, improving user engagement and accessibility.
- Designed and implemented an admin panel to manage products and orders, streamlining operations and enhancing overall site functionality.

Education

BSc Information Technology

2023 - 2026

Vidyalankar School Of Information Technology

9.5 CGPA

HSC Board

2023

S.H. Jondhale jr. collage

50.50%

SSC Board

2021

Shree Ganesh Vidyamandir

84.00%

Projects

ToolBox - Multiple Tools in one place

- Developed a full-stack web platform using Next.js and Express.js, delivering multiple productivity tools through a unified and responsive dashboard.
- Integrated third-party APIs for file conversion and implemented secure authentication with Clerk, ensuring reliable processing and protected user access.
- Enhanced user experience with Framer Motion animations and a scalable, modular architecture to support future feature growth.

SkyBox -Cloud Storage Platform

- Developed a full-stack cloud storage platform using Next.js for the frontend and Node.js for the backend, enabling users to upload, store, and access files from any device.
- Integrated Appwrite for storage buckets, database, and authentication, implementing two-step verification via email OTP to ensure secure user access.
- Built file-sharing functionality that allows registered SkyBox users to securely share files across the network with controlled access and permissions.

Skill

Frontend

TypeScript, React.js, Next.js, HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React Query, Framer Motion

Backend

Node.js, Express.js, REST APIs, WebSockets, JWT/Auth, Mongoose

Database

MongoDB, Firebase, PostgreSQL, MySQL

DevOps & Deployment

Git, GitHub Actions, Vercel, Render, Railway, Netlify, Heroku, Firebase Console, AWS EC2

Toolink & Others

ESLint, Prettier, Postman, Swagger, Linux (Ubuntu/Fedora), Bash, VS Code, Figma, Git CLI, pnpm/yarn/npm/bun
